Responsible for	Clinical Team Leaders	Budget Responsibilities (Y/N) and scale	Yes

MSI Reproductive Choices, is one of the largest providers of subsidised safe abortion, contraception and family planning services across 37 of the world's poorest countries. Our mission - 'children by choice, not chance' - is intended to help women and men with unmet need, to access those services, and ensure that each and every birth is wanted. We develop efficient, effective and sustainable family planning programmes in the UK and overseas. The UK division provides services to men and women over 130,000 times a year.

The Function

MSI Reproductive Choices (MSI) is a marketing focused, results oriented social enterprise. We develop efficient, effective and sustainable family planning programmes in the UK and overseas. The UK division provides services to men and women over 130,000 times a year.

In MSI UK the nursing and midwifery care we provide is unique. We believe that women and their families have the right to non-judgemental, holistic care provided in a personalised, safe, effective and caring environment.

Our care is based on best clinical evidence, provided by a skilled multi professional team, led by nurses and midwives who understand our specialist setting and uniqueness of each woman's experience: we are committed to promoting, protecting and supporting women's reproductive and sexual health rights.

As nurses and midwives, we draw on our own professional knowledge and the specialist knowledge of our setting to be 'with women' and advocating for women and for their options in all aspects of their care. We achieve this through our collaborative multi professional working, reflection and learning. We uphold our professional code and MSIUK values always and seek to advance and share the knowledge of our unique setting.

The primary responsibility of this role is to further MSI's Goal: The Prevention of Unwanted Births and its mission of ensuring the individual's right to: Children by Choice Not Chance

The Role

As a respected professional and experienced clinician, the post holder will lead by example, motivate and empower other staff and ensure high standards of care are set and delivered. Specifically, the CSM will ensure that:

- Excellence in clinical practice and care is promoted across all services provided by MSIUK
- Clients are cared for in a safe, clean environment
- They promote excellence in client experience ensuring clients are treated with dignity and respect
- They provide strong clinical leadership and management of the designated centre

Clinical Services Matron

The Clinical Services Matron (CSM) will make a proactive contribution to planning for and improving future services within the centre and take an active lead in service transformation. This role will operate within the clinical quality governance framework of MSI and will work collaboratively with the multidisciplinary team in the Centre in the interests of developing and promoting high quality patient care

The post holder within their designated Centre will work with the Head of Clinical Services to:

- Lead the quality and standards of care agenda, particularly providing assurance around compliance with regulatory and internal standards of care.
- Ensure effective processes are in place in the designated Centre and that client flow enhances the quality of client care, experience and outcomes
- Be responsible for leading the Centre team, co-ordinating the delivery of client care within the clinical environment.
- Through clinical leadership, knowledge of MSI's core values and utilisation of effective management skills will ensure that the Centre team is informed, trained and developed to enable high quality care to be delivered to clients. This will be achieved through appropriate deployment and supervision of all clinical staff, as well as practice and professional development.
- Ensure a positive culture of clinical excellence, openness, professionalism, continuous improvement and high-quality care is embedded and promoted within all clinical staffing groups.
- Be the Centre lead expert on all issues relating to clinical practice, providing guidance on clinical and policy issues
- Act as a visible role model providing positive, professional and accountable leadership to clinical staff at the Centre
- Support the Centre's operational performance including delivery of all performance targets and KPIS within their sphere of responsibility
- Fulfil the role of line manager for direct reports
