Job Description:

Regional General Manager – Treatment Centres

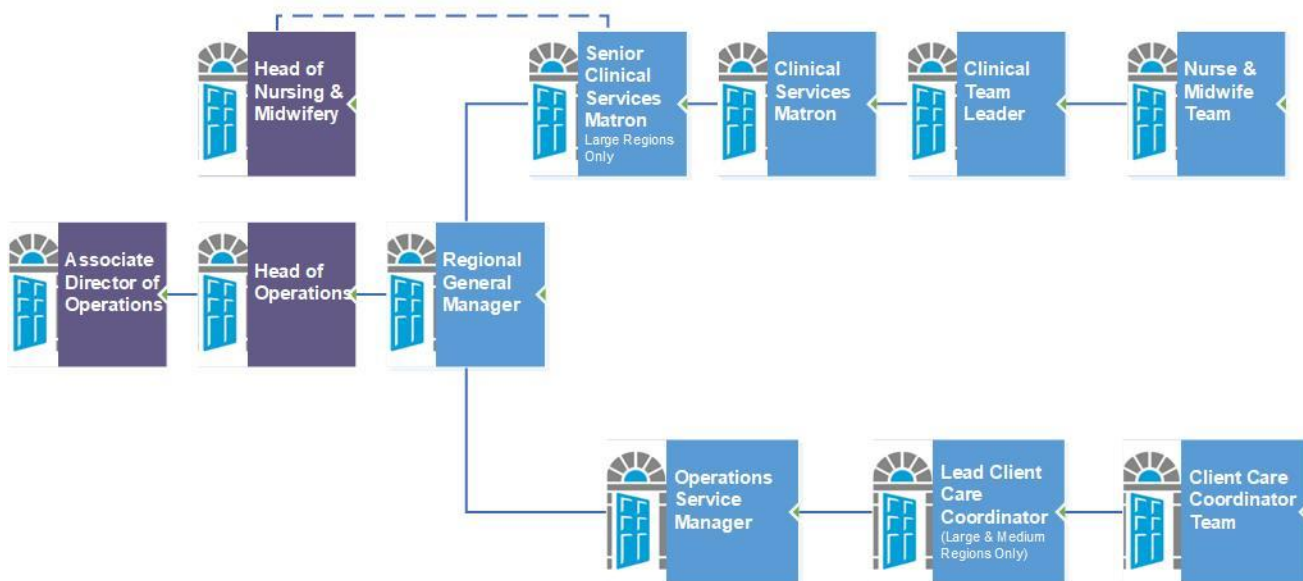

The department/team

MSI-UK

Treatment Centre Structure

2023

The role

Reporting to the Head of Operations, the Regional General Manager (RGM) will be responsible for providing leadership to their Treatment Centre team to ensure a consistent safe and sustainable service in all Treatment Centres and associated services within their allocated region(s).

Based predominately from the main Regional Treatment Centre, the post holder will ensure that the priorities in their region(s) are aligned to the overall organisational priorities delivered through a clear focus on safety, client experience & sustainability.

The RGM will ensure there is a clear, active long-term service development plan for their region, and ensure a culture of continuous improvement is cultivated throughout their teams

The Regional General Manager is required to be the primary CQC Registered Manager and the Controlled Drugs Accountable Officer for their Treatment Centre Region.

The role is required to provide continuous improvement and implement effective change, with support from the Senior Management Team, in order to deliver the objectives within their Treatment Centre Region.

All Regional General Managers will be required to work cohesively with each other and other departments and support each other in order to deliver the overall organisational objectives, ensuring we consistently deliver a safe and sustainable service.
